## Worksheet #3

MeandMath
BELIEVE YOURSELF

MISSING SIDE OF RECTANGLES

Learning goal: Students will be able to find the missing side of rectangles from given area applying the correct formula.

1. Area = 96 cm², Length = 12 cm. Find the breadth.

Answer

2. Area = 28 cm², Breadth = 4 cm. Find the length.

Answer

3. Area = 108 cm², Length = 9 cm. Find the breadth.

Answer

4. Area = 55 cm², Breadth = 5 cm. Find the length.

Answer

5. Area = 45 cm², Length = 5 cm. Find the breadth.

Answer

6. Area = 30 cm², Breadth = 6 cm. Find the length.

Answer

Worksheet #3(Answers)

MeandMath
BELIEVE YOURSELF

MISSING SIDE OF RECTANGLES

Learning goal: Students will be able to find the missing side of rectangles from given area applying the correct formula.

1. Area = 96 cm^2, Length = 12 cm. Find the breadth.

Answer | **8 cm**

2. Area = 28 cm^2, Breadth = 4 cm. Find the length.

Answer | **7 cm**

3. Area = 108 cm^2, Length = 9 cm. Find the breadth.

Answer | **12 cm**

4. Area = 55 cm^2, Breadth = 5 cm. Find the length.

Answer | **11 cm**

5. Area = 45 cm^2, Length = 5 cm. Find the breadth.

Answer | **9 cm**

6. Area = 30 cm^2, Breadth = 6 cm. Find the length.

Answer | **5 cm**
